School History

A combination Moapa Valley High School and Overton Elementary opened its doors in 1917. This was in a gothic style two-story masonry building. Mr. Liljenquist was the first principal of Moapa Valley High School. Due to growth in the valley a second building was added in 1922 which included a 250 seat auditorium and a gymnasium. Later a second gymnasium was added with the help of the Federal Government in the 1930's. The two-story gymnasium was then converted into the school library. Moapa Valley High School became a part of the Clark County School District in 1956.

School-Wide Discipline Plan

School-Wide Rules

At Moapa Valley High School, we expect all students to behave appropriately while at school and during extracurricular activities. In order to guarantee an excellent learning environment for all students, the following school-wide discipline plan has been formulated. It is based on the following expectation:

1. Students will not interfere with teacher instruction.
2. Students will not interfere with another student's learning.
3. Students will not engage in any behavior that is not in his/her best interest or in the best interest of others.

School-Wide rules will be in effect at all school activities – on or off campus.

- A. **Bullying or Hazing of students will not be tolerated. Any student who subjects others to acts which tend to disgrace or degrade is guilty of bullying.**
- B. **MOAPA VALLEY HIGH SCHOOL HAS A ZERO TOLERANCE POLICY TOWARDS use or possession of Controlled Substances and weapons.** If you are found in possession or under the influence of any controlled substance, including alcohol, you may be suspended; be enrolled in Behavior School in Las Vegas for a period of four to nine weeks; or withdrawn from MVHS and enrolled in APEX for the period of one semester, Parents/Guardian would be required to provide transportation to behavior school in Las Vegas. Law enforcement may also become involved.
- C. In addition to individual classroom behavioral expectations, students must exhibit polite behavior in assemblies, the library, the cafeteria, the hallways, and on campus grounds. Disruption in assemblies may result in student discipline procedures and loss of privileges to attend.
- D. Students will not be permitted to enter and interrupt another class without written administrative or faculty approval. Students entering a class without permission should be referred to the dean. If the student(s) refuse to leave or identify themselves, security will be summoned and an automatic RPC will be issued as soon as their identity is established.
- E. Students will not be permitted to bring electronic devices, laser lights, beepers, or other items that could be deemed nuisance items to school. If an item is deemed to be disrupting the educational process, the student will be asked to turn the item over to a school official. The items will be returned to parents or guardians only. Students who choose to bring these items to school, do so at their own risk. Any nuisance items lost, damaged, or stolen at school are the responsibility of the student to replace.
- F. Students may use cell phones, iPods, etc. before school, during passing periods, during lunch and after school. **Students are not allowed to use cell phones or iPod type music players during class time unless directed to by the teacher.** If there is an emergency, parents or guardians should contact the school office and a message will be delivered immediately to the student. If a student must make an urgent call during school, he or she will come to the office to make the call. Students who violate this policy will be subject to disciplinary action as follows: On the first violation of the rule, the cell phone or iPod will be confiscated and the students will retrieve the item from the Dean's office at the end of the school day. On subsequent infractions, the phone will be confiscated and a Required Parent Conference may be held.
- G. Students must be in class prior to the tardy bell or a penalty will be assessed through the Dean's office.

- H. Students will refrain from displaying inappropriate physical affection. This means no kissing or excessive hugging.
- I. Internet: Student's must use the Internet with integrity and follow school district guidelines. If a student misuses the Internet, parents will be notified and the student may lose Internet privileges for the remainder of the school year.

Tardy Policy

- 1st Tardy – Warning
- 2nd Tardy – Warning
- 3rd Tardy – Warning – Parent Link
- 4th Tardy – Detention
- 5th Tardy – 2 Detentions
- 6th Tardy – In-School Suspension
- 7th Tardy – 2 In-School Suspensions
- 8th Tardy – In-school Suspension and/or possible Home Suspension

Student Conference

On the student's first referral they are sent to the Dean's office where the incorrect behavior is discussed. Options on how to better handle the situation are reviewed and in most cases the student remains in the office for the remainder of the period.

Detention

Moapa Valley High School utilizes a 35 minute lunch detention/study hall as a second step in its progressive disciplinary process. Students are given 24 hour notice to make arrangements for lunch detention. Students must bring material to work on during this assigned detention.

Required Parent Conference (RPC)

1. The student, if present, is called to the dean's office and signs the RPC form.
2. One copy of the RPC is given to the student to take home and one copy is sent home.
3. Depending upon the nature of the infraction a student may be allowed to remain in school until the end of the day, or be sent home immediately.
4. Upon notification of RPC, the parent must call the school to arrange an appointment with the Dean within three (3) days. The main purpose for a Required Parent Conference is to allow administration, teachers and parents to discuss a student's inappropriate behavior and develop a plan of intervention that can possibly improve behavior and learning. While on RPC or Suspension, the student is not allowed on school property or at school events.

Suspension

A Notice of Suspension will be used in cases of a serious nature when circumstances may warrant further action or investigation. Upon returning to school after a suspension, a student will be allowed (and expected) to make up work missed within a time frame specified by the teacher. While on suspension, a student should not be on school premises or attend school activities.

Expulsion

Expulsion shall mean the termination of enrollment as the result of behavior so serious that future attendance in the schools of the district, other than court continuation school, is not contemplated. As Moapa Valley no longer has a behavior school students may be suspended for 15 days; referred to Behavior School in Las Vegas (with parents providing transportation); or withdrawn to AIS for no less than one semester.

Habitual Discipline Problem (AB 14)

NRS 392.4655 and NRS 392.466

A student shall be deemed a habitual disciplinary problem if the school in which the student is enrolled has evidence, which documents that in one school year:

1. A student has threatened or extorted, or attempted to threaten or extort another student, teacher, or other personnel employed by the school.
2. A student has a record of five (5) suspensions from school for any reason.

The law requires that a student with a habitual disciplinary problem be expelled from school for a period equal to at least one semester (18 weeks). Expulsion is defined as removal from a public school, with alternative educational options, home schooling or enrollment in a private school at the parent's expense.

To be in compliance with AB 14, the following procedures will be followed:

1. When a student is suspended, the parent/guardian will receive written notification concerning AB 14 and the possible ramifications of additional suspensions.
2. Before a school deems a student a habitual discipline problem, if a student is suspended four times within one school year, a plan of behavior may be developed with the parent/guardian and student. A student may enter into one behavior plan per school year. The parent/guardian may appeal to the Board of Trustees the contents of the behavior plan.
3. If a student enters into a behavior plan and commits the same act, the student shall be deemed a habitual discipline problem.
4. The school will provide due process notification. The notification will be provided at least seven (7) days before the school deems the student a habitual discipline problem.
5. The student will then be suspended or expelled from school for a period equal to or at least one semester for that school.
6. For the period of the suspension or expulsion, the student must receive equivalent instruction authorized by the state board pursuant to NRS 392.070.

AB 521 Procedures

This Bill provides for the development of a progressive discipline plan; allows temporary removal of disruptive students; requires parent notification; requires alternative academic opportunities; and establishes a school-based committee to review alternatives for disruptive students.

If a teacher deems a student has engaged in behavior that seriously interferes with their ability to teach and the ability of other students to learn, the student will be placed in the In-House Suspension room. The teacher will then complete the discipline referral describing the inappropriate behavior and its debilitating effect on classroom instruction and send it to the Deans office.

Student information and behavior is then entered into the AB 521 log and the following procedures will then take place;

1. The Dean will meet with the student and discuss the behavior.
2. The student has the opportunity to respond to the referral.
3. The student remains in the IHS room for the remainder of the period.
4. Parental notification will occur within 24 hours. The student will not be allowed back into the classroom until a parent conference has been held.
5. Within 3 days a conference will be held with the parent/guardian, student, teacher who removed the student, and administrative designee in attendance. During the conference, the teacher provides the student and parent/guardian with an explanation of the reason for the removal of the student. The student and the parent/guardian must be granted an opportunity to respond. Upon conclusion of the conference, the administrative designee recommends whether to return the student to the classroom or continue alternative placement.
6. If the administrative designee recommends returning the student to the classroom, and the teacher does not agree, the administrative designee must continue the temporary placement of the student and convene a meeting of a committee.
7. A school committee is then organized to review the circumstances of the students' removal. The committee will assess the data presented and determine without limitation, whether the student is;
 - a. Returned to the classroom
 - b. Assigned to another appropriate classroom
 - c. Assigned to an alternative program of education
 - d. Recommended for suspension or expulsion in accordance with NRS 392.467
 - e. Engaged in other appropriate disciplinary action.
8. Pursuant to this Bill, actions cannot be taken against students with disabilities unless the action complies with:
 - a. Individuals with Disabilities Education Act (IDEA)
 - b. Age Discrimination in Employment Act (ADEA of 1990)
 - c. Any other federal law applicable to children with disabilities and;
 - d. The procedural policy adopted by the Board of School Trustees.

Any student violating the dress code will be escorted to the Dean's office where progressive discipline will be followed. Students will be asked to change into attire that meets school standards. If the student does not choose to remedy the dress code violation they will have the option to wear designated clothing provided by the office or the student may phone home to have appropriate clothing brought to the school. Multiple dress code violation may result in a RPC.

Cheating Prevention Policy

Cheating is any attempt to circumvent the evaluation process. Many times, teachers are placed in the position of looking at a student behavior and having to make a determination of whether cheating is occurring. Therefore, IF YOU DO NOT WANT TO BE ACCUSED OF CHEATING DO NOT PARTICIPATE IN BEHAVIORS THAT CAUSE OTHERS TO WONDER WHAT YOU ARE DOING. In order to prevent the problem we will abide by the following policy:

Testing Guidelines

- No giving or receiving of information will be allowed. You are equally guilty for giving as for receiving answers.
- No talking or turning around in seats. Once the test is finished students may read or study silently.
- Students must remain in their seats unless directed otherwise by the teacher.
- No notes, books or other material shall be within view until after completion of the test. The only exception to this is if the teacher directs some materials to be used on the test.

- Students are not to look around the room, look towards other student's papers or desks, or communicate in any way with others in the room.
- If a cell phone is out during a test, it may be deemed that the student is cheating.

Rules of Conduct for School Bus Riders

The students on the bus are under the immediate supervision of the bus driver and are, therefore, subject to the rules set by the Clark County Board of School Trustees and the State of Nevada. Any infraction of these rules by a student will be documented on a School Bus Incident Report by the bus driver. Copies of the report will be distributed to the Dean, the parents, and the Clark County School District Transportation Office.

Rules of Conduct

In order to provide for safety to passengers and effective, efficient use of buses, the following rules of conduct are established:

- Bus passengers must stand in an orderly single-file line at pick-up points until the bus comes to a complete stop.
- Passengers must board the bus in an orderly fashion and go directly to a seat.
- All passengers must remain seated until the bus has fully stopped, then enter the aisle and go directly to the front exit door. Exit through the front exit door after the bus has come to a complete stop.
- If you must cross the road, walk forward 10 ft. or more and wait for the driver's signal, then cross when it is safe to do so.
- Any distracting action by the passenger creates a safety hazard by demanding unnecessary attention of the driver. Such actions are forms of misconduct. Specifically: loud talking, use of profanity, fighting, throwing things, smoking, damaging the bus or bus seats, standing, and eating, or drinking are examples of misconduct that may result in disciplinary action.

Misconduct

Misconduct at the bus stop is considered a violation. When a student is guilty of misconduct on the bus, it will be reported to the Dean of the student's school.

- Parents will be held responsible for any bus damage that may result from the student's misconduct.
- Misconduct may be cause to deny the privilege of transportation to the student for a limited, specified time.
- Continued misconduct may result in loss of riding privileges.

Conformance

In conformance with the rules of conduct, the site administrator will address infraction in the following manner.

- Confer with the student, the parent/guardian, or appropriate transportation staff, as necessary, to resolve student conduct problems.
 - Designate students as ineligible for transportation services when warranted
 - Notify the Transportation Department and the parent or guardian of the action taken.
- **Category I - Infractions** include but not limited to behavior regarded as mischievous or annoying. Generally, the driver is expected to resolve infractions falling within this category by working with staff.
 - **Category II - Infractions** include but are not limited to behavior which could jeopardize the safety and well-being of students, employees or public. The expected disciplinary action to be taken depends on the student's overall record and result of the misbehavior.
 - **Category III - Infractions** include, but are not limited to, behavior that is injurious or jeopardizes the safety and well being of students, employees or public and requires immediate intervention by the school administrator. These infractions require severe disciplinary action such as denying transportation, and may be arrestable offenses that could result in other legal action.

FAQs about Attendance – Secondary School

Who must attend school? Students between the ages of 7 and 17 years of age must enroll and attend school for the full time the school is in session. Students who are 6 years of age by September 30 must attend if enrolled. ALL students enrolled must follow the rules of the school district including those relating to school attendance. However, students who are 17 are subject to the state truancy laws until they reach their 18th birthday. However, students who are 17 cannot be forced to enroll in school, and students who are 18 cannot be cited for truancy because their parents want them to be cited.

What happens if a student is late to school or class? Students who are late are marked tardy. Each school is responsible for establishing a tardy policy that defines tardiness and establishes the consequences for students who are late to class.

- **Secondary students who miss more than 40 minutes of any class period are counted absent for that period only.**

What is the procedure that should be followed after an absence? Students who have been absent must provide written notice to the school explaining the reason for the absence within three days after their return from an absence. Explanations should include the following information:

1. The first and last name of the student;
2. The date(s) the student was absent;
3. The reason the student was physically or mentally unable to attend, how the absence related to the student's disability, or the nature of the emergency.

The principal or principal designee determines whether the absence is classified as approved or unapproved.

Are parents required to bring documentation from a physician if the excuse provided states the student was absent because of a medical appointment? Not usually. In most cases, the parent's explanation that the student needed medical attention should be enough. If the principal or his designee has reason to believe that the excuse is not valid, further documentation from the parent can be requested.

What happens if notification regarding the absence is not provided to the school within three days? If an acceptable explanation of the absence is not provided in writing within three days, the absence is unapproved and, in accordance with state law, is deemed truant. School personnel have the right to request further information from the parent regarding the nature of the absence. Schools are required by State law to send a Notice of Truancy (CCF-602) for any unapproved absence.

What is the limitation of absences? The limitation of absences is 10 unapproved absences during a semester.

What are the consequences for exceeding the limitation of absences? Secondary students will receive a failing semester/trimester grade and denial of credit for any course in which the limitation of absences has been exceeded. Students in grades 9-12 who fail three or more courses may be referred to an alternative education program. Students cannot be withdrawn to an alternative program, however, unless the student is accepted. When the alternative sites are full, secondary students under the age of 17 must remain enrolled at their home schools. A secondary student may also be retained in the current grade.

How do parents prearrange an absence? Parents/guardians must submit a written request to the school in advance of the absence. Forms are to be available at each school. A parent's request for prearranged absences cannot be denied by the school no matter what reason the parent has for prearranging the absence (e.g., babysitting, hunting, vacation, etc.). Schools cannot divide up the number of allowable prearranged absences and limit students to a certain number each semester or trimester (e.g., 5 prearranged absences each semester).

Are there any restrictions placed on the use of prearranged absences? Yes. Students are allowed up to ten days of prearranged absences each school year that do not count toward the limitation of absences. Any prearranged absences in excess of 10 and any prearranged absences for which the makeup work was not completed, however, count toward the absence limitation.

If a student does not complete the makeup work for an approved absence, does the absence become unapproved and count toward the absence limitation? No. Approved absences remain approved. The only exception to this is that prearranged absences in excess of 10 or those for which the makeup work was not completed count toward receiving a failing grade, loss of credit for a course, and possible retention in the current grade.

Is there any way to address the loss of credit, failing grade, retention, or referral to an alternative education program? Extenuating circumstances, issues that may have led to the excessive absences or mistakes in the record should be addressed to the school principal or principal designee for consideration.

When attendance problems arise, is assistance available to students and parents? Each school is

required by CCSD Regulation 5113 to develop an *Attendance Incentive Plan*. Each school has also compiled a list of resources and interventions that may be helpful when students are having attendance problems.

What is the difference between an unverified absence and an unapproved absence? An unverified absence means the student is absent but the school doesn't know why. An unapproved absence means the students did not bring an acceptable excuse for the absence within three days of his return to school.

FAQs About Truancy

When is an absence considered a truancy? When a student is absent from school without a valid excuse or did not secure prior permission for the absence, the absence is unapproved. In accordance with state law, an unapproved absence is deemed a truancy.

Is an unapproved tardy a truancy? No. State law requires that a student have an unexcused absence for at least one class period before it can be considered a truancy. Please note: If a student is absent from any class for more than 40 minutes, the student is absent, not tardy.

Do prearranged absences in excess of 10 count as truancies? Excessive prearranged absences cannot be used to refer a student for truancy. However, when a truancy referral is made, this information would be extremely valuable as part of the summary information provided by the Dean.

At what ages can student be cited for truancy? Secondary students ages 11 to 18 can be issued a misdemeanor citation for truancy. Enrolled students who are 17 are subject to the state truancy laws until they reach their 18th birthday. However, students who are 17 cannot be forced to enroll in school, and students who are 18 cannot be cited for truancy just because their parents want them cited.

What responsibilities do schools have when a student is truant? Schools are required by State law and CCSD Regulation 5113 to send a written notice (CCF-602) to the parent/guardian. Schools are also required by law and regulation to attempt intervention for any student who has one or more unapproved absences.

Schools are also responsible for verifying the truancy of the student ***before*** referring the student to law enforcement for issuance of a misdemeanor citation. Because the student is being charged with a crime, the burden of proof rests with the school, not the student. An attendance check should be done with each teacher before the CCF-803 is completed.

What happens if a student continues to be truant? When a student has three or more unapproved absences (truancies), the student is declared a habitual truant, and the school must report the student to the local law enforcement agency or school police for the issuance of a misdemeanor citation.

What are the consequences for being cited as a habitual truant? The consequences for a student who is cited for habitual truancy are set by state law and cannot be appealed through the school. The possible

consequences that may be imposed are as follows: for the first offense-a fine of \$100 or 8-16 hours of community service and suspension of the student's driver license for 30 days to 6 months or a delay of 30 days from the date a student can apply for a first-time license; for subsequent citations-\$200 fine and/or 10 hours of community service, and 60 days to 1 year suspension of driving privileges.

In addition, students who exceed the limitation of absences are also subject to the penalties imposed by the school district's attendance regulation, 5113, and the promotion/retention regulation, 5123.

What happens if the habitually truant student is cited again for truancy? Another misdemeanor citation is issued to the student. In addition, if the parent/guardian, to whom notice of the habitual truancy has been given, fails to prevent the child's subsequent truancy within that school year, that person(s) is guilty of a misdemeanor.

What can happen to parents who do not attempt to insure their children's school attendance? The parents of habitually truant students who do not attempt to insure their children's regular attendance at school can be referred to Child Protective Services for investigation of educational neglect or to law enforcement for issuance of a misdemeanor citation. These actions cannot, however, be initiated by the school.
